- (54) Title: CORRECTION METHOD FOR CHIP REMOVAL MACHINES
- (54) Bezeichnung: KORREKTURVERFAHREN FÜR ZERSPANUNGSMASCHINEN

(57) Abstract: The invention relates to a method for determining the deviation of at least one regulating variable on chip removal machines comprising a mechanical drive for a tool and/or a workpiece (1), regulated by a control system, the regulation comprising a plurality of values C, X, Z of at least three spatial axes c, x, z for the control system and for the drive, said values C, X, Z having a functional relation such as $Z = f_{bi}(C, X)$ with the axes c, x, z. A protocol is prepared from a plurality of control system actual values $(C_{prs}, X_{prs}, Z_{prs})$ detected by measuring means and/or selected drive actual values $(C_{prs}, X_{prs}, Z_{prs})$, and a control system nominal value according to $Z_{birs} = f_{bi}$ (C_{prs}, X_{prs}) and/or a drive nominal value according to $Z_{birs} = f_{bi}$ (C_{prs}, X_{prs}), in addition to a control system differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{prs} - Z_{birs}$ and/or a drive differential value according to $D_{2rs} = Z_{2rs} - Z_$
